LR 316

amendments, Mr. President.

PRESIDENT: They are adopted. Now Senator Maresch or I mean Senator Kremer. Who is to advance the bill? Excuse me, Senator Marvel.

SENATOR MARVEL: Okay, I will attempt to advance the bill to E & R Initial, and if that fails, we will go from there. I move that LR 316 be advanced to E & R Initial with the understanding that we will proceed to work out the objections and questions that members of the Legislature had. I am not in favor of advancing the bill beyond Select File until this is done. So with that statement, I move that the bill be advanced to E & R Initial.

PRESIDENT: Senator Kahle.

SENATOR KAHLE: Mr. President, just a little to add, I think that we want to be careful that we do not kill this bill because I think that we do need to make some decisions about it. There are many counties that are confused or want some leadership on this so I would go along with advancing the bill under the conditions that Senator Marvel stated and I think Senator Kremer is in agreement with this, too, but let's don't kill it.

PRESIDENT: Senator Koch.

SENATOR KOCH: Mr. President, I have an amendment that will be drafted and I will put it on on Select File with these conditions.

PRESIDENT: Do you have any reason to close debate, Senator Marvel or do you want to vote? The question now is the advancement of the bill. Record your vote. Please vote. Record.

CLERK: 26 ayes, 2 nays on the advancement of the bill, Mr. President.

PRESIDENT: The bill is advanced. In the north balcony, we have a large delegation of an organization, Youth For Understanding, together with their four leaders. Mr. Ron Stewart of York is a member of the Board of the Big Blue WPA, and Ralph O'Connor of Grafton is a member of the Baschel Committee. Will you gentlemen stand and be recognized please. And under the south balcony is Ron Miller from Imperial who is also a Director of the Upper Republican WPA. Would you stand please, Mr. Miller. Thank you for being here, too. We have a request for the introduction of a bill.
